Phone Number	
Email *	jhedstrom@greatfallsmt.net
Type of Assistance Requested *	<ul style="list-style-type: none">Continuing EducationUser Group Meeting Support
Project Narrative *	<p>Great Falls GIS Meetup (GFGM)</p> <p>Presentation by Frontier Precision – Jackson Beighle, Geospatial Sales Representative</p> <p>Title: Empowering your mobile workforce with the latest in GNSS & GIS technology</p> <p>Abstract: This is a great opportunity to learn about new and emerging technology from Trimble, Juniper Systems, and Esri in regards to field mapping and mobile solutions. This includes Trimble Catalyst which enables sub-meter to centimeter level mapping on an Android smartphone or tablet. We will also discuss the use of Esri Collector for high accuracy mapping using Bluetooth GNSS devices like the Trimble R1 and R2.</p> <p>Meetup Intentions: This meetup is intended to be continuing education and a user group meeting for those apart of the GFGM and others from the surrounding area that may be interested. We intent to broadcast this meetup on GoToMeeting for any MAGIP members around the state that may be interested in Jackson’s presentation.</p> <p>MAGIP’s participation: This meetup is requesting to use budgeted funds for meetup. The funds will be used to provide snacks and a beverage for the users to enjoy during the presentation. Requested funding, maximum \$100, but will likely spend less.</p> <p>There are typically between 4–8 MAGIP members in attendance.</p>
Project Start Date *	Tuesday, April 11, 2017
Project Completion Date	Thursday, May 4, 2017
Applicant Resources to be committed to this project*	I am usually the one that organizes the event, sending any publicity, purchasing any food/drinks, getting the speaker(s) together. Cascade County DES is kind enough to let us use their large conference room free of charge.
