Not sure if this is appropriate or not,
GIS Day Swag support

We are hosting a small group of students on November 15 at 3 PM to demonstrate and discuss GIS and how we use in local government.

We were contacted by an individual who coordinates events for homeschool classes/students. She asked if we would be interested to host a homeschool student field trip for GIS Day. Of course we said yes. We plan to show our office space, some products, but then move down to our IT lab to provide demonstration of GIS in action.

If MAGIP has a supply of school age appropriate swag; notepads, ...I don't know what you may have?

Just thought I would reach out and ask – looking at a max of 20 students for our limited space.

Thank you
Eric
