Project Narrative *

Leslie Zolman is an ex MAGIP Board member who has spent most of her GIS career volunteering for a multitude of agencies. She even volunteered her GIS skills during the Eboli outbreak in Africa. She is now in need of help and is possibly looking at her end of days. I think it would be a very noble gesture for MAGIP to help her in any way possible. There is a go fund me account set up for her here:

Thank you for your consideration,
 Wendy Largent GISP
